EDUCATION

- Bachelor of Science in Electrical Engineering, 1989, Clemson University
- Master of Science in Electrical Engineering, 1990, Clemson University

EMPLOYMENT HISTORY

- 1991 to present – Duke Energy
 - *Vice President, Nuclear Development , Regulated Generation and Transmission (2012-Present)*
 - Responsible for Duke Energy’s overall new nuclear generation strategy, with a strong focus on continuing development of the William States Lee III Nuclear Station in Cherokee County, S.C., and the Levy Nuclear Plant in Levy County FL, as well as increasing the company’s focus on new and emergent nuclear technology developments.
 - *Vice President, Office of Nuclear Development , Nuclear Generation Department (2009-2012)*
 - Responsible for furthering the development of new nuclear generation in the Carolinas and Midwest. This includes identifying and developing nuclear partnership opportunities, as well as integrating and advancing Duke Energy’s plans for the proposed William States Lee III Nuclear Station in Cherokee County, S.C
 - *Managing Director, Strategy and Business Planning (2007-2009)*
 - Responsible for developing the strategy for the company’s four operating utilities; commercial support for operating utility activities and major project/initiative business case analysis.
 - *Managing Director, Asset Planning (2006-2007)*
 - Responsible for developing the integrated resource plans for the company’s four operating utilities and major project/initiative business case analysis.
 - *Regulated Utility Operations (1991-2006)*
 - Roles of increasing responsibility within the regulatory utilities operations group including power delivery, system planning and operations, and strategy development.
