Subject: [External_Sender] Calvert Cliffs UFSAR Exemption Request

Rich,

Per our conversation today, I am forwarding this e-mail to clarify that Calvert Cliffs Unit 2 is the lead plant.

As you noted in our submittal dated January 29, 2016, there are two typographical errors on page 4 of 5 of the attachment.

Specifically, the words "CCNPP Unit 1" should be replaced with "CCNPP Unit 2" such that the last sentence of the first paragraph on top of page 4 of 5 should read "Submitting updates to the common CCNPP UFSAR 6 months following the CCNPP Unit 2 refueling outage as proposed and not exceeding 24 months between successive updates continues to meet the intent of the regulation from the perspective of regulatory burden reduction and maintaining UFSAR information up-to-date."

Similarly, the first sentence under section 3 (This exemption request is consistent with the common defense and security) should read " This exemption requests NRC approval to permit periodic updates of the common CCNPP, Units 1 and 2, UFSAR to be submitted within 6 months following completion of each CCNPP Unit 2 refueling outage, but not to exceed 24 months from successive submittals."

It is clear from the last two paragraphs in page 2 of 5, the CCNPP Unit 2 was intended to be the lead plant.

Please let me know if there is anything else I need to do.
