Hi Carol, It appears that this is an amendment request but he hasn't submitted any supplemental information using Vol. 1757 including but not limited to surveys, leak tests, etc. to demonstrate criteria for unrestricted use.

Should this be set-up now ?? Roberto, please advise.

Thanks.

Carol:

It can be set up now since he sent a letter. In the form that we send the licensee confirming receipt of the amendment request you can add under administrative omissions that "The licensee needs to send a final status survey (FSS) following NRC guidance described in NUREG-1757, Volume 1, revision 2. If the FSS is not sent within 90 days, the NRC will void the amendment request without prejudice."

Please highlight this part in yellow so the licensee can read it.
