Exit Sign Return Agreement

Thank you for choosing TritiumDisposal to dispose of your tritium exit signs. Our mission is to educate businesses about the legal and environmental consequences of discarding expired tritium exit signs in trash or waste sites and to provide the necessary procedures to make their proper disposal as safe and easy as possible. In this effort, TritiumDisposal requires that certain procedures be followed during the returns process. These procedures pertain to preparing the signs for shipment, reporting damaged signs prior to shipping, completing the required paperwork, and the proper packaging of the signs. Failure to follow these procedures will result in additional fees. Please refer to the attached packaging instructions and fee schedule.

Our goal is to provide all of our customers with a cost effective disposal service and by implementing and enforcing these policies only those that refuse to follow them will be impacted. If you have questions please don't hesitate to contact us at any time, we will be happy to work with you to ensure you don't incur additional charges.

Every page of this document, including this page, must be returned in order to receive an RGA number. In addition each page must either be signed or initialed as indicated at the bottom of each page. TritiumDisposal cannot issue an RGA number until we receive each page and they have been signed or initialed as indicated.

By signing and initialing these forms you agree to all terms and conditions and understand that failure to follow all policies and procedures may result in shipments being returned and/or additional charges. When paying for disposal services by credit card you are authorizing TritiumDisposal to immediately charge any additional fees to the credit card that was used to make initial payment. If the disposal service was purchased on account, you authorize TritiumDisposal to add the additional fees to the invoice or to create a new invoice for the fees and agree that full payment is due within the terms of that invoice. TritiumDisposal cannot issue a Certificate of Disposal or other documentation until all fees are paid.
