SUBJECT: EXPIRATION OF NRC RADIOACTIVE MATERIALS LICENSE NO. 15-19109-01

The Nuclear Regulatory Commission (NRC) did not receive from AECOM Global II, LLC, a timely renewal application for NRC License Number 15-19109-01, which had an expiration date of August 31, 2015. In letter dated May 2, 2016, you stated that 15-19109-01 expired on August 31, 2015 due to business re-organization and personnel changes. AECOM Global II, LLC, upon being notified by the NRC of this non-compliance, immediately submitted a new license application on January 13, 2016, following the licensing guidance described in NUREG-1556, Volume 1, Revision 1. NRC issued a new license to AECOM Global II, LLC, on April 11, 2016, and NRC License Number 15-19109-01 is hereby being retired.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

You can contact me at 817-200-1590 if you have questions or require clarification on any of the information stated above.

Sincerely,
