Subject: [EXTERNAL] DRAFT RAIs on RR-16-01

Frank,

By letter dated May 27, 2016 (ADAMS Accession Numbers ML16148A109), Exelon Generation Company (Exelon), submitted a relief request to utilize Code Case N-722-2 in place of Code Case N-722-1 for Three Mile Island Nuclear Station, Unit 1. In reviewing Exelon's request, the NRC staff has developed the attached DRAFT request for additional information (RAI). Please review to ensure that the RAI questions are understandable, the regulatory basis is clear, there is no proprietary information contained in the RAI, and to determine if the information was previously docketed. If further clarification is needed, and you would like to discuss the questions in a conference call, let us know. This email does not convey a formal NRC staff position, and it does not formally request for additional information.
