Inspection Report 50-269, -270, -287/94-36;94-31  
Reply to Notice of Violation - *(notification of missed commitment)*

Dear Sir:

By letter dated December 21, 1994, the NRC issued a Notice of Violation as described in Inspection Report No. 50-269, 270, 287/94-36. On January 19, 1995, Duke Power Company submitted a reply to the notice of violation. On March 27, 1995, Duke Power Company found that the commitment to change procedures by February 17, 1995, and complete the training on those changes by February 28, 1995, had not been met. The procedure changes were complete on April 4, 1995, and the training will be complete on April 20, 1995.

By letter dated December 19, 1994, the NRC issued a Notice of Violation as described in Inspection Report No. 50-269, 270, 287/94-31. On March 15, 1995, Duke Power Company submitted a reply to the notice of violation. On April 2, 1995, Duke Power Company found that the commitment date for 94-31-01, example d, had not been met. Procedure changes to be implemented by March 31, 1995, were implemented on April 5, 1995.

The cause of the missed commitment dates was an administrative error in our database. Following the discovery of the missed commitments we audited our database to ensure no additional errors exist. We are also performing a detailed root cause analysis to help define corrective actions to prevent the error from occurring again.

We regretfully inform you of the missed commitment dates. If you have any questions, please contact Judy E. Smith at (803) 885-4309.

Very truly yours,

  
J. W. Hampton
