Pineville, LA 71360

SUBJECT: RESPONSE EXTENSION REQUEST – NUCLEAR REGULATORY  
COMMISSION INSPECTION OF GE OIL & GAS AND NOTICE OF  
NONCONFORMANCE

Dear Ms. Sullivan:

This confirms receipt of your August 4, 2016, letter requesting an extension for your response to the subject Nuclear Regulatory Commission (NRC) inspection report, due to the fact that you have completed your investigation of the noncompliance and identified corrective actions to be taken, but are in the process of further reviewing all of your actions and completing documentation to address the noncompliance. We also conclude that the delay in your response is reasonable given the imminent transfer of your facility from Pineville, LA to Jacksonville, FL.

We hereby acknowledge your request for an extension, and having considered the circumstances prompting the request, we hereby grant you that extension until August 15, 2016.

In accordance with the Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Public inspections, exemptions, requests for withholding," of 10 CFR Part 2, "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," a copy of this letter, its enclosures, and any associated correspondence will be placed in the NRC's Public Document Room or from the NRC's document system, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be made available to the public without redaction.

Sincerely,
