Dear Mr. Lieberman:

This e-mail provides an update to your letter dated September 16, 2013, regarding an amendment to your petition for rulemaking (PRM) docketed as PRM-50-107. The PRM requested that the NRC to amend its regulations in Title 10 of the *Code of Federal Regulations* Parts 30, 40, 60, 61, 63, 70, 71, and 72 to require all persons who seek NRC approvals to provide the NRC with complete and accurate information in all material respects.

The notice of receipt for this petition was published in the *Federal Register* originally on June 10, 2013 (78 FR 36404). The amended petition was published on January 21, 2014 (79 FR 3328) to expand the scope beyond Parts 50 and 52 to include the regulatory framework for radioactive materials, waste disposal, transportation and spent fuel storage (Parts 30, 40, 60, 61, 63, 70, 71, and 72). The NRC will continue to consider the issues raised by the PRM.

You can monitor the docket for your petition on the Federal rulemaking Web site, <http://www.regulations.gov>, by searching on Docket ID NRC-2013-0077.
