Mr. Hartmann:

This refers to your letter dated July 15, 2016, requesting termination of NRC License No. 52-31443-01. Mr. Hartmann,

This is regarding your letter requesting termination of NRC License No. 52-31443-01. Condition 14 (C) of the license requires, in part, that sealed sources need not be tested if they are in storage and are not being used; however, when they are removed from storage for use or transferred to another person and have not been tested within the required leak test interval, they shall be tested before use or transfer.

In order to continue our review of your request, we will need a copy of the most recent leak test for the gauge you transferred.
