of Reactor Licensing
Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Young:

This letter is to inform you that the Duke Power Company's application for a license to operate the Oconee Nuclear Station Unit 1 was mailed for review on December 30, 1971 to Mayors, Councilmen, Legislative Delegations, and County Planning Directors in Anderson, Oconee, and Pickens Counties.

Please note attached comments which have been received at this time. This Office has no adverse comments relative to this project.

Sincerely,

Carnell W. Bennett
Clearinghouse Coordinator

Dear Chris:

Reference your memorandum, Subject: Duke Power Company's Application for a License to Operate the Oconee Nuclear Station Unit 1, I wish to comment as follows:

We, the Planning Commission, speaking for the County of Oconee, heartily and enthusiastically support the construction and operation of this fine facility, and are extremely pleased with the environmental quality features of the Keowee-Toxaway project.

We encourage in every way the issuance of this application and offer our full assistance to the applicant.

Sincerely,

C. Dick Plyler
Director
