**Subject:** [External\_Sender] LaCrosse QAPD Review

Jeremy,

As we discussed on Friday, please use the same docket number 71-0025 for the part 71 approval of the QAPD that was given to Dairyland Power Cooperative (DPC). Once decommissioning is completed at LACBWR, *LaCrosseSolutions* plans to transfer the NRC license (Docket No. 50-409, DPR-45) and associated approvals back to DPC for long-term operation of the ISFSI (Docket No. 72-046).
