SUBJECT: ACKNOWLEDGMENT OF C&J SPEC-RENT SERVICES, INC., BANKRUPTCY NOTIFICATION

Dear Mr. Doggett:

This acknowledges your letter dated July 22, 2016, informing the U.S. Nuclear Regulatory Commission (NRC) that C&J Spec-Rent Services, Inc., filed for bankruptcy under Chapter 11 in Federal Bankruptcy Court on July 20, 2016.

Please be informed that the bankruptcy filing does not relieve C&J Spec-Rent Services, Inc., of its obligations to comply with NRC requirements, including those relating to security and control of licensed material; decontamination and decommissioning of contaminated facilities; and the retention of personnel required by NRC requirements (e.g., the Radiation Safety Officer (RSO), authorized users, etc.). Additionally, inspections of your activities will continue to occur.

If the RSO leaves your employ, you must first properly secure, dispose of, or transfer all licensed material, and you must inform NRC of this situation. If you need to close a building, you must first properly secure, dispose of, or transfer all licensed material that was in the building. NRC licenses remain in full effect even beyond their stated expiration date, until terminated in writing by NRC.

You may not (1) transfer control of your license without prior written NRC approval, or (2) transfer licensed material except as authorized by NRC regulations. You should ensure that your attorney and any trustee involved in the bankruptcy proceedings are aware of these obligations. Any person who takes control of licensed activities or possession of the licensed material including any contaminated equipment or property transferred by the licensee must first obtain an NRC license.

Please notify us immediately if you are unable to meet any of these conditions. Also, please notify us when the bankruptcy proceeding is completed.

G. Doggett

-2-

Thank you for your cooperation in this matter. You may contact me at 817-200-1547 if you have any questions or information concerning the status of your license or activities.

Sincerely,

Casey C. Alldredge, Health Physicist
Nuclear Materials Safety Branch B
