1200 New Jersey Avenue, S.E.  
Washington, D.C. 20590-0001

Re: LEUPA CASK

Dear Mr. Conroy,

I refer to your enquiry regarding the information we have submitted to you and the U.S. Regulatory Commission for the validation of the LEUPA cask.

This letter is to confirm that the files INVAP has submitted, for your records and review, contain no proprietary information. This also includes all previously submitted files that have been sent since the initial start of our application to US DOT.

Please feel free to contact me should you need any additional assurances.

Sincerely yours,

**Roberto J. Barrios**  
VP International Trade
