Hello Michael,

On Friday, August 19 I had received a letter from Roberto Barrios regarding the proprietary information which I had forwarded to you. For some reason, it seems that you did not receive it and for that I apologize.

I am resending it now and could you please confirm receipt and hope you find it acceptable.

Best regards,

Marilena-  
Do you have a response on the proprietary information?

Marilena –  
See Norma's message below. I took care of her file problem, but she wants to know if any of the recently submitted files contain proprietary information.

If so, you'll need to submit the required affidavit.

That applies to any previously submitted files as well, as I recall some unanswered questions whether some of them were proprietary.

**Subject:** REQUEST--Need Documents Related to LEUPA RAI Response

Good afternoon Michael,

I received the CD with the responses to the LEUPA RAIs. I have a few questions and requests. First, I am not able to open the following file sin the "title is too long": 015 0908-LE02-3BEIN-002-B – LEUPA Specification Approval Tests... Also, I need to know if the applicant considers the input files submitted as part of the RAI response proprietary or not. If that is the case, then, I will need an affidavit from INVAP (through DOT) in order to make a proprietary determination. The same applies to any information considered proprietary.

I will appreciate that you contact the applicant to obtain the information we need. Please feel free to contact me.

Thanks and have a nice day.
