Subject: [External_Sender] Accident Sequence Precursor program
Attachments: Accident Sequence Precursor Program Comments 11-23-14.docx; TEM CV 8-16.docx; TEM Current Bio 8-16.docx

Elijah Dickson,

In response to your note to me I am attaching a copy of my paper on the Accident Sequence Precursor Program which I discussed with Brian Sheron and the RES staff on November 24, 2014. I did not give the paper wide distribution at the time, but upon re-reading the paper I believe the comments are still valid and still represent my current thinking on the ASP program. Therefore, I am taking the liberty to send copies of this memo more broadly within NRC.

As you requested I am also attaching my CV and a brief bio.

Best regards,
Tom Murley

Subject: RE: Re: Accident Sequence Precursor program

Tom,

I am continuing with the staff evaluation of the ASP Program and am working on the literature review. I have a favor to ask regarding a document written by you, *Accident Sequence Precursor Program*. (date unknown). First, can you provide me a date for the document. Second, can you provide to me a brief bio, or curriculum vitae, of yourself. It will help with establishing your experience at the NRC and history with the Program.

I really appreciate your help.

Regards,
Elijah
