New Construction

Civil Construction

Facility Renovation

Municipal Infrastructure Repair & Replacement

& much more!

for...

Federal Agencies

U.S. Military

Municipalities

LGC Global, Inc. (LGC) has a history in the fields of General Contracting, Engineering and Construction Management that dates back to 1994. Providing construction services to Federal Agencies, the U.S. Military, and Municipal Government clientele, LGC specializes in the performance of civil construction, new construction, facility renovation, and municipal infrastructure repair and replacement projects throughout the Midwest.

Our History

Federal Government Experience

LGC has more than 12 years' experience in Federal Government contracting, currently performing construction services under contract awards with U.S. Army Corps of Engineers, Department of Air Force, and General Services Administration (GSA). Under several ID/IQ contracts, LGC has performed more than 60 civil, construction, renovation, and repair task orders to date – valued over \$88M – in conjunction with its 8(a) JV partner.

Municipal Infrastructure

LGC has a long working history with the Detroit Water and Sewerage Department (DWSD), the 3rd largest provider of high-quality drinking water & wastewater treatment services in the U.S., which services the City of Detroit and 127 neighboring communities. Over the course of its decade-long relationship with DWSD, LGC has performed more than \$450M worth of competitively bid work for the Agency.

LGC specializes in the new construction, repair and replacement of:

- Water Mains
- Sanitary and storm water sewer lines
- Water & waste water treatment plants
- Pump and lift stations
- Outfalls
- Circular & non-circular sewers using trenchless technology including CIPP, slip lining, and pipe bursting methods

Municipal Relationships

Locally, we have built strong working relationships with municipal departments in cities and counties throughout Michigan. Our employees are knowledgeable of the neighborhoods and have a proven track record of understanding the safety, quality, budget and community concerns involved in large-scale infrastructure improvement projects.

Performance

Our firm has a record of achieving CCASS ratings which evidence a high level of client satisfaction with our performance, with more than 80% of LGC's ratings at "Above Average" or "Outstanding".

Financial Capacity

LGC is financially stable and possesses ample working capital, equipment inventory, and banking relationships enabling an aggregate bonding capacity of \$50M and single project bonding of \$10M. LGC is able to secure necessary bid, payment, and performance bond underwriting from its surety.
