The name of the Licensee will continue to be System One Holdings, LLC following the consummation of the Parent Transaction.

The executive officers of Licensee will not change as a result of the Parent Transaction. At least two of the five members of the Parent's board of managers will continue on to serve as members of the board of managers of Parent following the Parent Transaction.

Licensee's Quality Solutions and Nondestructive Testing business unit, located in Cheswick, PA, which maintains the responsibility for its Industrial Radiography Testing Services, including Licensee's radioactive materials, licensed activities, equipment and radiation safety program in accordance with US NRC and PA DEP standards will remain unchanged. We do not anticipate any

change to the day-to-day operations of the business that utilizes the subject NRC Radioactive Materials license following the Parent Transaction. The Parent Transaction will NOT materially impact:

1. Radiation Safety Officer (RSO);
2. Assistant RSO;
3. Security (Trust & Reliability) Officer
4. Field radiographers;
5. Training processes;
6. Location, use or storage of the licensed materials;

This letter shall further serve to confirm that Licensee understands and agrees to continue to abide by all constraints, conditions, requirements, commitments and representations identified in the existing NRC License referenced above and consistent with our administration of our NRC-regulated activities for the past 3 decades.

Our current best estimate for completion of the Parent Transaction is on or about September 1, 2016. Please be advised that this information is of a confidential and proprietary nature and should not be disclosed prior Licensee's public announcement of same.
