RE: Applications for NRC Import (IW022/05) and Export (XW012/05) License Amendments

Dear Ms. Smith:

This letter is in response to your August 16, 2016 request for comments on the referenced applications. Thank you for allowing the Division of Waste Management and Radiation Control to participate. However, since the waste in question will not be shipped to the Energy*Solutions* Clive Facility in Utah, the Division has no comments.

If you have any questions, please call Don Verbica at (801) 536-0206.

Sincerely,

Scott T. Anderson, Director
Division of Waste Management and Radiation Control
