Attention: Mr. John F. Stolz, Chief
Operating Reactors Branch No. 4

Dear Sir:

NUREG-0737, Item I.A.2.1.4, Requalification Training Program, required that the requirements of NRC letter of March 28, 1980 be incorporated into the program. By letter dated July 31, 1980, Duke made an initial submittal in response to this item. Subsequently, during the course of Staff review, it was determined that the Oconee requalification program did not satisfy the requirements of Enclosure 4 of the NRC letter. Duke committed to revise the requalification program document.

Please find attached the Oconee Requalification Program for NRC Licensed Personnel as revised August 19, 1983. NRC review and approval is requested.

Very truly yours,

Hal B. Tucker
