Talking with accounting it would appear the best guess would be 2<sup>nd</sup> quarter 2019.

Scott:

Were you able to obtain a year quarterly estimate for Irigaray Expansion? For example, 2<sup>nd</sup> quarter 2019, 3<sup>rd</sup> quarter 2018.

Thanks.

I can give you an estimate on the current plan when the permitting for Irigaray expansion would take place. Let me check and get back with you.

With the surety I sent an updated schedule which shows the IR Expansion pushed out to 2022 which means for permitting activities would begin in 2018 or 2019.

IR Expansion will not occur in 2016.

Do you need a new LOI?

Scott:

Any updates to last year's LOI dated July 31, 2015? Specifically wondering about Irigaray Expansion date since 2016 date is slipping by quickly.
