Subject: RAI, Calibrator device and Change of RSO

Discussion: I talked to Mr. Nickell about the sources in their calibrator because of how WBL needs to write licenses. I asked which sources he specifically had in his calibrator and their activity by SS&D and model number. He said he would get back to me. I also asked about the replacement RSO and he told me they made a selection but it would be another month or two before he would be in the position. I told him that I would need to write the license with Dr. Tipton as the RSO. I requested for a delegation of authority letter for Dr. Tipton.

Action Required: NASA to get me the source model information and total quantities for their calibrator and a delegation of authority for Dr. Tipton.
