Subject: Withdrawal of second round RAI for MF7154 Relief Request 4ISI-02, Use of Code Case N-795

Rick,

Concerning the Request for Additional Information (RAI) originally dated August 11, 2016 ADAMS Accession no. ML16228A003, further review by the NRC staff has determined that additional information is not needed to complete the technical review and make a regulatory finding regarding this relief request.

Therefore, the RAI is withdrawn.

Thank you,

John Klos

Subject: [External_Sender] Additional time request for MF7154 RAI response

John,

Columbia would like to request that the current 9/12 due date for this RAI response be extended to allow for additional time to conduct additional technical precedent discussions with you and your staff and finalize our formal written response. Please advise on how much additional time you can reasonably allocate for this response. Thanks,

Rick Garcia
