RE: Approval of Non-Significant Revision Application, Strata Energy Ross ISL Mine, Permit No. 802 TFN 6 5/225, Change No. 9

Dear Mr. Griffin:

This letter approves your Non-Significant Revision which will alter Approved Aquifer Exemption Boundary in Appendix D12, Map D12-1 of the current permit.

Receipt of this letter grants the Ross ISL Mine permission to change your Appendix D12 as described. In the event that revisions other than those listed on the Index of changes inadvertently occurred within this package, those revisions are not automatically considered approved.

The LQD tracks this NSR as Change No. 9.

If you have questions, please contact me at (307)675-5611 in the Sheridan District III Office.

Sincerely,

David Schellinger
