Dear Materials Licensing Branch:

Please let this letter serve as a request to place our Materials License in standby and notification that there have been no principal activities under this license for over 24 months. The gauge will remain in storage pending disposal.

Please note that it is the future intent of the Road Commission to dispose of this gauge by December 31, 2016 and to then file a termination amendment request to the license soon after.

If you have any questions or concerns, please feel free to contact me.

Very truly yours,
