Dear Ms. Henderson:

Enclosed is a copy of the revisions to the proposed Georgia Rules and Regulations for Radioactive Materials, Chapter 391-3-17. The proposed revisions will be made available for public comment after the Georgia Department of Natural Resources Board of Directors meets and approves the revisions in December 2016. The comment period will remain open for thirty (30) days. We request NRC's comments by October 28, 2016. The proposed rule changes have been made using underlines and strikethroughs. The enclosed document titled "NRC Regulations & Georgia Radioactive Materials Revised Rule Equivalents" provides detailed correlations between specific Federal Regulations and the corresponding Georgia Rule.

<u>Rats ID</u>	<u>Title</u>	<u>State Section</u>
