Subject: RAI, Surveys

Discussion: I discussed with Mr. Beddick that the submitted survey plan was not sufficient to perform a MARSSIM type survey that he would need a lot more information. However, we discussed using the simplified survey plan stated in NUREG-1757, Volume 1. He said that he had already performed as described by the simplified survey plan and would send that survey in for review.

Action Required: Mr. Beddick to send in surveys for Building 45.
