Dear Sir/Madam:

We wish to request an amendment to Ball State University's NRC material license. Our license number is 13-06231-01. The requested amendment and justification are given below.

The amendment becomes necessary due to the retirement of Dr. Stuart Walker, the University's present Alternate Radiation Safety Officer (ARSO) and the Chairperson of the Radiation Safety Committee. Upon recommendation from university administration and the Radiation Safety Committee, Dr. Larry Fromm, Professor of Center for Medical Education has been selected as ARSO to replace Dr. Walker. Dr. Clare Chatot, Professor of Biology has been selected to replace Dr. Walker for the Chairperson of the Radiation Safety Committee. We seek your approval of Dr. Larry Fromm as the Alternate Radiation Safety Officer (ARSO) and Dr. Chatot as the Chairperson of the Radiation Safety Committee. Dr. Fromm and Dr. Chatot are both authorized users of radioactive material at Ball State University, and are members of the Radiation Safety Committee. Attached are vitae of both Drs. Fromm and Chatot, and a certificate for training of Dr. Fromm as a Radiation Safety Officer (RSO).

Sincerely,

Robert Morris
Interim Provost and Vice President
for Academic Affairs

Mohammed Islam
Radiation Safety Officer

EXPERIENCE:

- 2016 - present Ball State University - Acting Associate Dean, College of Sciences and Humanities
- 2004-present Ball State University - Professor
- 1995-2004: Ball State University - Associate Professor
- 1991-1995: Ball State University - Assistant Professor
- 1990-1991: Senior Postdoctoral Research Fellow, Transgenic
- 1987-1990: Research Associate, Cell Biology Group
Worcester Foundation for Experimental Biology
Shrewsbury, MA.
- 1986: Instructor, Department of Biology
Massachusetts Institute of Technology, Cambridge, MA.
- 1984-1986: NIH Postdoctoral Research Fellow, Department of Biology
Massachusetts Institute of Technology, Cambridge, MA.
- 1982-1983: Postdoctoral Research Associate, Biology Department
Massachusetts Institute of Technology, Cambridge, MA.
- 1977-1982: Graduate Fellow and Teaching Assistant, Biological Sciences Group, University
- 1975-1977: Graduate Teaching Assistant, Biology Department
Villanova University, Villanova, PA.

TEACHING:

Courses taught at Ball State:

Bio 111 - Principles of Biology 1
Bio 215/655 Cell Biology
Bio 394 - Practicum in Biology
Bio 369 - Internship in Biology
Bio 470/570 - Developmental Biology
Bio 628 - Readings
Bio 697 - Research in Biology
Biot 491/591 - Theory and Applications of PCR
Honors 299/298
Honors 499 - Thesis
Thes 698 - Thesis
Zoology 330 - Structure and Development of Vertebrates

- 4). Graduate Readings: (Bio 628): 24 students

RESEARCH:

Summary of Radiation Training and Use:

1977-1982: Annual Training at University of Connecticut, Use of ^{14}C -leucine in protein labeling experiments

1982-1986: Annual Training at Massachusetts Institute of Technology, Use of ^{32}P - dNTPs in cloning and ^{35}S in vitro translation assays.

1987-1990: Annual Training at Worcester Foundation for Experimental Biology, Use of ^{14}C in glutamine utilization assays.

1990-1991: Trained at Genzyme Corporation, Use of ^{32}P in cDNA probe synthesis for RT-PCR product identification on blots.

1991-current: Annual Training at Ball State University, Use of ^{32}P - dNTPs in cDNA probe synthesis and ^{32}P - ATP in Histone kinase labeling experiments, ^3H - Thymidine in DNA synthesis experiments.

Hi Tammy,

The attached resume needs to get into ADAMS. I have attached a 665.

Thanks,

Kevin

Mr. Null,

I tried to send you an email earlier which did not go through because of my mistake in typing your email address. So I try it again.

As I mentioned during our conversation over telephone today, due to the retirement of Dr. Stewart Walker, a new chairperson has been appointed for the Radiation Safety Committee at Ball State University. She is Dr. Clare Chatot of the Department of Biology. Attached is a copy of her Vita. Please let me know if you have any question.

Sorry for sending multiple emails, and a voice message in your telephone.

Regards,
