Dear Ms. Chadwick:

On August 26, 2016, the U.S. Nuclear Regulatory Commission (NRC) cited The Queen's Medical Center for violations of NRC requirements (Inspection Report 030-14522/2016-001), and required you to respond in writing within 30 days. The Queen's Medical Center responded by letter dated September 19, 2016.

After reviewing the information provided in your response to the Notice of Violation, we have concluded that your completed and proposed actions appear to adequately address the regulatory noncompliances described in the Notice of Violation.
