General Comment

Please support the sale of the JA Fitzpatrick plant to Exelon. The sale will provide, among other things:
More than 600 direct jobs
Opportunities for 1,000 building tradesmen and skilled workers who are involved in refueling, maintenance and plant outages
\$500 million per year in regional economic activity
More than \$70 million in annual payroll
More than \$17 million in annual property taxes
Enough carbon-free electricity to power more than 800,000 homes
Avoidance of more than 3 million tons of CO2 emissions annually, which represents about 10% of the carbon savings for all of New York
850 megawatt nuclear plant that provides reliable energy 24/7 and is a significant base load and dependable source needed for economic development progress and stability
Thank You.
