Subject: Letter Dated September 6, 2016 to remove location of use
(NOTE: This will be used as the Documents Title in ADAMS)

I spoke with Ms. Sturtz regarding the amendment for Capital Cardiology Consultants to remove a location of use from their license. I spoke with her to request clarification on 2 items:

1. In the opening paragraph of the letter, they reference removing 1160 Varnum Street, Suite 100, which is the mailing address and not a location of use. I believe they want to remove Suite 201. She confirmed they are removing 1160 Varnum Street, Suite 201 and keeping Suite 100 as the mailing address.
2. The leak test data submitted was not the most recent one from September. She replied that she would email me the September report once the call was completed.

I asked he if she had any other questions, thanked her and ended the call.

Will process the amendment once the leak test data is received (via email).
