CHAIRMAN BURNS: Before we proceed to this morning's hearing we have an affirmation item to come before us. I'm going to ask the Secretary to lead us through that.

ANNETTE VIETTI-COOK: This matter involves the application of the U.S. Department of Energy, National Nuclear Security Administration (NNSA) to export up to 130 kilograms of highly enriched uranium to France's CERCA facility and the Institut Laue-Langevin. The Commission is being asked to act on a Memorandum and Order that would respond to a request for hearing and petition to intervene filed by Dr. Alan J. Kuperman on this export license application.

The Commission has voted to approve a Memorandum and Order that denies Dr. Kuperman's hearing request and directs the Office of International Programs to issue the export license.

Would you please affirm your votes?

CHAIRMAN BURNS: Aye

COMMISSIONER SVINICKI: Aye

COMMISSIONER BARAN: Aye

ANNETTE VIETTI-COOK: That's all I have. Thank you.

CHAIRMAN BURNS: I close the Affirmation Session and we will proceed to today's hearing.
