Subject: RAI, Uranium and Ni-63 sources

Discussion: I told Mr. Beddick that I reviewed over his survey information that he sent me. I needed a couple of statements if true.

1. All radioactive material had been removed from Building 45.
2. The Uranyl Acetate was only possessed under a general license and not a specific license.
3. They never had a leaking nickel 63 source.

Mr. Beddick said he would have to do some research and then submit the statements.

Action Required: Mr. Beddick to submit the additional information.
