Dear Mr. Stevens,

This is in reference to your letter dated September 14, 2016, requesting for amendment to Nuclear Regulatory Commission License No. 06-35157-01, Docket No. 03038752. In order to continue our review, we need the following additional information:

You did not provide any information associated with your new facility located at 4 Laser Lane, Wallingford, Connecticut, other than the address. NUREG-1556, Volume 7, "Consolidated Guidance About Materials Licenses Program-Specific Guidance About Academic, Research and Development, and Other Licenses of Limited Scope," in section 8.9 states to provide the facility and equipment. Please describe the facilities and equipment (e.g., remote handling equipment, storage containers, shielding) to be made available at the 4 Laser Lane location where licensed material will be used. Submit a description of the areas assigned for the receipt, storage, preparation, and measurement of licensed materials. Submit a diagram showing the locations of shielding, the proximity of radiation sources to unrestricted areas, and other items related to radiation safety. Diagrams should be drawn to a specified scale, or dimensions should be indicated.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office (Address below) and refer to Mail Control No. 591980. If you have technical questions regarding this letter, please call me at (610) 337-5366.

Your reply must be an originally signed and dated letter. The letter may be scanned and submitted as a pdf document attached to an email; or it may be transmitted by facsimile to (610) 337-5269; or it may be sent by regular mail. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application OR amendment request.
