

UNITED STATES
NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

October 17, 2016

MEMORANDUM TO: John R. Tappert, Director
Division of Decommissioning, Uranium Recovery,
and Waste Programs
Office of Nuclear Material Safety
and Safeguards

FROM: Matthew R. Meyer, Acting Chief */RA/*
Materials Decommissioning Branch
Division of Decommissioning, Uranium Recovery,
and Waste Programs
Office of Nuclear Material Safety
and Safeguards

SUBJECT: Oak Ridge National Laboratory Report

Enclosed with this memorandum are publicly and non-publicly available versions of the deliverable report provided to the U.S. Nuclear Regulatory Commission (NRC) staff by the Oak Ridge National Laboratory (ORNL). This report summarized the research effort by ORNL to find historical non-military radium sites.

Also enclosed with this memorandum are publicly and non-publicly available versions of the addendum to the report. These addenda provide site summaries of the identified historical non-military radium sites. The information attached to this report has been identified as non-publicly available because it contains Personally Identifiable Information (PII). These documents are being provided for use in the outreach to the site owners and the States.
