Dear Ms. Henderson:

Final Amendments to 32 Ill. Adm. Code Parts 341 and 350 were published on July 17, 2015, in Volume 39, Issue 29, Pages 9,682 - 10,331.

http://www.cyberdriveillinois.com/departments/index/register/register_volume39_issue29.pdf

These include changes required by RATs 2012-2 and RATs 2012-3.

Final Amendments to 32 Ill. Adm. Code 326, 330, and 331 were all published on August 28, 2015, in Volume 39, Issue 35, Pages 11,852 - 12,036.

http://www.cyberdriveillinois.com/departments/index/register/register_volume39_issue35.pdf

These include changes required by RATs 2012-3 and RATs 2012-4.

NRC had 4 comments on part 330 (RATs 2012-4) regarding distribution of material. These were included in the final version.

No other substantive changes occurred. We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Programs (FSME) Procedure SA-200.

We believe this also resolves all open regulations until those due in 2018. Please update our status sheet on the website.

Thank you for your consideration in this matter. Please send us confirmation that these rules have been received and accepted. If you have any questions, please feel free to contact Gibb Vinson at (217) 785-9928.

Regards,

Gibb
