Subject: [External_Sender] Transmittal of Revised Westinghouse NSAL-16-1, Revision 1, Baffle-Former Bolts
Importance: High

Jeff and Joe,

Please find attached revised Westinghouse NSAL-16-1, Revision 1, "Baffle-Former Bolts".

This revision is being issued to move Doel 1 & 2 from Tier 2a to Tier 2c and add Tihange 1 to Tier 3. Additionally, the discussion on the MRP-227 inspections for Tier 2c plants was removed.

If you have any questions or require additional information on the revised Westinghouse NSAL, please contact John McFadden at 412-374-2316 or mcfaddjl@westinghouse.com.

Please feel free to put the NSAL in ADAMS.

Regards,

Jim Molkenthin
