Subject: [External_Sender] RE: [External_Sender] RE: NRC's Request to NMFS for Section 7 Conference - Indian Point
Attachments: SFT Guide.pdf

Hello Michael,

I am going to send you a secure file transfer with a full set of all materials filed on Friday on behalf of Entergy. I am attaching our SFT user guide so that you can apply to be a First Time User and obtain a password.

If you have any questions at all about the download, do not hesitate to let me know.

Thanks very much,
Nancy

Subject: RE: [External_Sender] RE: NRC's Request to NMFS for Section 7 Conference - Indian Point

Hi Nancy,

I am the project manager for the Indian Point license renewal application. I wanted to see if I could get an electronic copy of the attachments referenced below. Whichever delivery method is easier for you, works for me.

Thanks,
Mike

To: Grange, Briana <Briana.Grange@nrc.gov>
Subject: [External_Sender] RE: NRC's Request to NMFS for Section 7 Conference - Indian Point

Dear Ms. Grange,

I sent this email earlier today (below). But it bounced back due to email size restrictions. I spoke to Ms. Zoli and she said to send you the letter without the attachments and please feel free to email me on Monday and let me know whether you would like to receive the attachments by Secure File Transfer, or I am happy to Fed Ex.

We can speak on Monday.

Many thanks,
Nancy

Subject: NRC's Request to NMFS for Section 7 Conference - Indian Point

THIS EMAIL IS BEING SENT ON BEHALF OF ELISE N. ZOLI, ESQ.

Dear Ms. Grange:

Enclosed is a copy of Entergy's: (1) request to participate in the NRC/NMFS informal Section 7 conference process on the proposed Critical Habitat Rule (the "NRC Request"), (2) current comments on the NRC Request, and (3) request to extend the conference process for the NRC Request by 30 days to incorporate Entergy's expected additional comments, once it has time to review the newly received information from NYSDEC. We very much

appreciate your efforts and assistance here. Please do not hesitate to contact Dara Gray or me with any questions.

Elise N. Zoli, Esq., on behalf of Entergy

SECURE FILE TRANSFER QUICK REFERENCE CARD

Why Clean and Encrypt Emailed Documents?

The firm's Secure File Transfer (SFT) software provides a solution to two of the firm's data transfer issues: transferring large files and transferring data securely. The firm has an obligation to protect the **confidential information** of our clients and employees.

Sharing digital information quickly and securely has created security challenges around electronic file transfer methods such as email. All documents containing personal or confidential information emailed outside the firm must be cleaned of metadata and encrypted, ensuring end-to-end file transfer security.

Transfer method is also determined by **file size**. Files over 60 megabytes must be transferred using SFT. Most companies set size limitations as well, generally between 8 and 12 megabytes. Sending files via SFT allows transfer of up to 10 files with an aggregate size of 11.7 gigabytes, to 40 recipients.

Cleaning File Metadata

1. Save a copy of the document containing personal or confidential data to the Windows Desktop.
2. Right-click the document and click **Check Metadata**.
3. When the Metadata Assistant opens, select the following:

In the **Document Selection** section -

- Click **Location for Output Files** and select **Use Source Directory (Process in Place)**.
- Click **Prefix for Output Files** and select **A specific prefix** and type **CLEANED**.

In the **Processing Options** section -

- Click **Scan Level** and select **High**.

4. Click **Continue**.
5. If you get a warning dialog box, click **Continue**.

The cleaned document is saved to the Desktop; the name is prefaced with the word **CLEANED**.

6. After the process is complete, click **Close**.

Encrypting and Sending the File

Accessing the SFT Site

1. Start your web browser.
2. Go to <https://sft.goodwinprocter.com>.
3. At the login screen, enter your firm email address and network password, and then click **Login**.

Sending the File

1. On the **Send File** tab, in the **To** box type the recipient's email address. You can enter up to 100 recipients separated by commas.

2. If needed, add a **Cc** or **Bcc** by clicking the link.

3. Enter a **Subject**.

4. Click **Choose File/Folder**, navigate to the desktop, select the cleaned document, and click **Attach**.

5. Type the message in the text box.

6. The Send notification on file delivery option is selected by default.

7. Click **Send**. A message stating that your email has been sent is displayed; click **OK**.

8. (optional) On the **File Manager** tab, click **Sent Items** to view your sent email messages and attachments, or click **My Files** to review the files you attached to email messages.

9. Click **Sign out** to exit SFT.

NOTE: As a best practice, delete the cleaned document from your desktop.

Recipients: Downloading the File

NOTE: The SFT message may be caught in the recipient's spam filter.

Returning Users of SFT

1. Log in to your personal web e-mail account.
2. Open the email message and click the attachment link.
3. At the login screen, enter your personal email address and click **Submit**.
4. Enter your password.
5. Click **Download** and open the link.

NOTE: In IE, choose **Open** or **Save** from the Download message box.

First-Time Users of SFT

1. Log in to your personal web e-mail account.

2. Open the email and click the attachment link.

3. At the login screen, enter your personal email address and click **Submit**.

4. You will receive a second email requesting verification. Do the following:

(a) Open the second email and click the verification link to return to the SFT verification window;

(b) Create a password of at least **8 characters**, with at least **1 number** and **1 uppercase letter**; and

(c) Re-type the password.

5. Click **Download** and open the link.

NOTE: In IE, choose **Open** or **Save** from the Download message box.

Files may be accessed by the recipient for 10 days.
