**SUBJECT: REQUALIFICATION PROGRAM INSPECTION – R. E. GINNA NUCLEAR
POWER PLANT**

Dear Mr. Hanson:

In a telephone conversation on October 12, 2016, Mr. T. Fish, Senior Operations Engineer, and Mr. L. Mireles, Requalification Program Lead, made arrangements for the U.S. Nuclear Regulatory Commission (NRC) to inspect the licensed operator requalification program at the Ginna facility. The inspection is planned for the week of December 12, 2016, which coincides with your regularly scheduled requalification examination cycle. The staff at your facility should prepare and conduct the requalification examinations in accordance with your NRC-approved requalification program.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 55.59(c), the NRC may request facility licensees to submit their biennial comprehensive requalification written examinations or annual operating tests as necessary to support the NRC's inspection program needs. In order for the NRC to adequately prepare for this inspection, please furnish: 1) an index or summary of condition reports written in the past 2 years in which licensed operator errors were determined to be the root or contributing cause; 2) an index or summary of condition reports written in the past 2 years on simulator performance problems; 3) an index or summary of simulator performance test results in the past 2 years; and 4) the examination schedule, sample plan, written examinations, and operating test scheduled for the week of the inspection to the NRC by November 21, 2016. Mr. Mireles has been advised of this request and provided with the name and address of the NRC lead inspector assigned to this inspection.

This letter contains information collections that are subject to the *Paperwork Reduction Act of 1995* (44 U.S.C. 3501 et seq.). These information collections were approved by the Office of Management and Budget, approval number 3150-0018.

The public reporting burden for this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of these information collections, including suggestions for reducing the burden, to the Records and FOIA/Privacy Services Branch (T-5 F52),

B. Hanson
