Hi Leslie,

One of the key participants cannot support the 17th. Would November 30 be possible?

Hi Leslie,

We can tentatively support 11/17, but I need to get confirmation from some additional individuals. I can let you know by the end of the week.

We also have two new FPRA FAQs we would like to discuss, which I have attached.

Hello Victoria,

NRC staff has completed the review of FAQ 14-0007 on Transient frequency 10_19_16. Comments on staff's position are located in the front portion of the attached document. (Note that previously exchanged comments follow the latest staff position and are attached in reverse chronological order).

We would like to host a face to face Fire PRA FAQ meeting to further discuss this topic on November 15 (Tuesday) or November 17 (Thursday) from 10am -12noon.

Let me know if the industry can support one of these dates. Also, please let us know whether or not the industry would like to discuss any additional topics during this FAQ meeting.

Thanks,

Leslie C. Fields
