Tier / Group	Randomly Selected K/A	Reason for Rejection
2/2 (Q# 5)	SYS034A1.02	Randomly selected K/A is from subject area (fuel handling/cooling) that is being over sampled on the exam. Questions 4, 40 (also rejected), 77 and 95 all are from subject area. Replaced with systematically selected K/A SYS001A1.06 from different SYS and same Ability Stem Statement.
2/2 (Q# 7)	SYS068A1.02	Unable to create RO level question that properly discriminates license level knowledge. Replaced with systematically selected K/A SYS041A3.05 from different SYS and different Ability Stem Statement to keep K/A category totals balanced.
2/2 (Q# 8)	SYS071G1.30	Unable to create RO level question that properly discriminates license level knowledge. Replaced with systematically selected K/A SYS079G1.30 from different SYS and same Generic Stem Statement to keep K/A category totals balanced.
2/1 (Q# 16)	SYS008K1.03	Randomly selected K/A overlaps with a question on the audit exam (#35). Replaced with systematically selected K/A APE025A1.01 from same SYS and same Knowledge Stem Statement.
2/1 (Q# 22)	SYS039A2.04	Randomly selected K/A is from subject area (steam dump malfunction) that overlaps with a question #78. Replaced with systematically selected K/A SYS039A3.02 from same SYS and same Ability Stem Statement.
2/1 (Q# 26)	SYS063A1.06	Unable to create RO level question that properly discriminates license level knowledge. Replaced with systematically selected K/A SYS063K2.01 from same SYS and different Knowledge Stem Statement to keep K/A category totals balanced.
1/2 (Q# 40)	APE036K2.01	Randomly selected K/A is from subject area (fuel handling/cooling) that is being over sampled on the exam. Questions 4, 5 (also rejected), 77 and 95 all are from subject area. Replaced with systematically selected K/A APE003K2.05 from different APE and same Knowledge Stem Statement.
1/1 (Q# 54)	APE025A1.18	Randomly selected K/A overlaps with a JPM being used on this exam. Replaced with systematically selected K/A APE025A1.01 from same APE and same Ability Stem Statement.
2/2 (Q# 76)	SYS011G2.22	Unable to create RO level question that properly discriminates license level knowledge. Replaced with systematically selected K/A SYS035G2.22 from different SYS and same Ability Stem Statement.
2/2 (Q# 78)	SYS041A2.03	Randomly selected K/A is from subject area (loss of Inst. Air) that is being over sampled on the exam. Questions 30, 33, 83 (also rejected) and 92 all are from subject area. Replaced with systematically selected K/A SYS041A2.02 from same SYS and same Ability Stem Statement.
2/1 (Q# 83)	SYS078G1.32	Randomly selected K/A is from subject area (loss of Inst. Air) that is being over sampled on the exam. Questions 30, 33, 78 (also rejected) and 92 all are from subject area. Replaced with systematically selected K/A SYS064G1.32 from different SYS and same Ability Stem Statement.
1/1 (Q# 92)	APE065G4.50	Unable to create RO level question that properly discriminates license level knowledge. Replaced with systematically selected K/A APE065G4.11 from same APE and same Generic Stem Statement to keep K/A category totals balanced.
