Attachments: RSO_Request_Signed.pdf

Hello Latischa,

Attached is a copy of the letter signed by the President, former RSO as well as myself. I just signed the bottom next to my name. Hopefully this works. ☺

The second sheet has my contact information, business card, and signature. If there's anything else I can do please let me know.

Thank you.
Happy Friday.

Indeed it is. I apologize. That is what I meant to convey in the highlighted sentence below.

Thanks,

Latischa

Hi Latischa,

I received a message that I had missed your call yesterday. I have attempted to reach out to you again and keep getting your message. I will definitely get a signed copy over to you accepting the roles and responsibilities as our new appointed RSO. My only question is, would it suffice to sign the copy you sent over in the last email? I'm only asking because the original hard copy was sent over to you and I am struggling to find a copy of it. If not I will keep searching for a copy of the original and get it signed over to you as soon as possible. Thank you for reaching out to me. If you need any further information from me, please don't hesitate to reach out.

Subject: Request for Additional Information (RAI): RSO Amendment Request Copper Environmental Consulting, Inc.

Shelby,

Copper Environmental Consulting, Inc.
406 East Park Avenue, Suite 2
Anaconda, MT 59711
NRC License No.: 25-35244-01
Docket No.: 030-38839
Mail Control No.: 592011

I am assigned the review of the amendment request to name you as Radiation Safety Officer (RSO) for your facility. Please sign the original amendment letter sent by the company President & the RSO. This ensures that you are aware of your appointment as RSO & accept the duties and responsibilities of the RSO. Additionally, please include your contact information.

You may sign & date the original letter, scan in & return in pdf format back to me. As soon as I receive the RAI, I can continue with the amendment review process.

If you have any questions, feel free to contact me at the information included in this email.

Thank you for your prompt assistance with this.

Subject: Request for Amendment to Radioactive Materials License (RML) License Condition No. 12

Dear Ms. Hanson,

Copper Environmental Consulting is requesting an amendment of License No. 25-35244-01. Currently the Radiation Safety Officer (RSO) is listed as Lisa Gonzales. Effective immediately our new proposed RSO candidate will be Shelby Fortune. Please amend our license to reflect this change.

Shelby currently serves as Copper Environmental Consulting's Health and Safety Professional. Ms. Fortune has a M.S degree in Industrial Hygiene and a B.S degree in Occupational Safety and Health from Montana Tech of the University of Montana. She also holds a Graduate Safety Practitioner (GSP) designation. Included with this letter is a copy of her completed Portable Nuclear Gauge Safety certification and HazMat training certification.

Thank you for your assistance. Should you have any questions regarding this matter please feel free to contact our office at (406) 563-2700.

Sincerely,

Copper Environmental Consulting

David T. McCarthy
President

Lisa N. Gonzales, P.E.
Radiation Safety Officer

Enclosures:

Shelby Fortune – Portable Nuclear Gauge Safety Certificate; HazMat Certification
