Docket No.(no hyphens): 03038496, 03039006

Mail Control/Report No. 592278, 592282

Licensee Name: The Robert B. Balter Company

Participant(s) Name/Title: Lloyd A. Tillman/Radiation Safety Officer

Work Telephone No. 410-599-3378

Business Cellphone No.

NRC Representative Name/Title: Dennis Lawyer/Health Physicist

Subject: RAI, License changes

Discussion: I discussed with Mr. Tillman that the NRC only places one name as the Radiation Safety Officer on the license, that we could not place the Maryland address as a location of use because it was outside our jurisdiction. He said that would be fine. I then asked for the most recent leak test results from the gauges at the facility and a copy of their Maryland license to verify transfer authorization. I also discussed that we would need to terminate current NRC license and concurrently issue a NRC license with a new number and the new address.

Action Required: Mr. Tillman said he would electronically mail me copies of the license and leak test results.
