Mr. William A. Anders
Chairman
Nuclear Regulatory Commission
Lanow Building
Washington, D. C. 20555

Dear Chairman Anders:

I have been contacted by the Criminal Justice Administrators Association of San Luis Obispo County concerning the question of security at the Diablo Canyon nuclear power plant. I share the Association's interest in this matter.

It is my understanding that it is the duty of the Nuclear Regulatory Commission to determine whether or not security is adequate at Diablo Canyon and other nuclear power facilities. It is our feeling that if the Commission does not have the experts to answer the adequacy of security question, outside experts on like security systems should be considered.

Please contact me concerning this matter.

Sincerely,

ROBERT J. LAGOMARSINO
Member of Congress
