Dr. Richard L. Maullin
Chairman
Energy Resources Conservation
and Development Commission
1111 Howe Avenue
Sacramento, California 95825

Dear Dr. Maullin:

Thank you for your October 27, 1977 response which enclosed a summary of California's electrical supply situation in 1978. We note that the California Energy Resources Conservation and Development Commission's assessment is that the state currently has sufficient resources to meet any reasonable contingencies expected to occur during 1978.

We have found your assessment to be useful in our consideration of the Diablo Canyon matter. We appreciate the assistance provided by you and your staff, and look forward to the mutual benefits resulting from continued cooperation between State and Federal agencies.

Sincerely,

Original Signed By
