Dear Senator Cranston

It was a shock to hear that our Diablo Canyon Nuclear Power Plant will ~~issee~~ ~~from~~ ~~vently~~ radioactive dust. Mr. Bailey and I attended hearings with the NRC and have followed the controversy closely, but only recently learned of this risk.

We hope that you will do your best to correct or to help to stiffen regulations - for the protection of us who are helpless to protect ourselves.

It is common knowledge now that we are all making such savings at the grassroots, that the demand for power is dropping. Please encourage solar power. Thank you.
