Mr. Richard H. Peterson
Senior Vice President &
General Counsel
Pacific Gas & Electric Company

San Francisco, California 94106

Dear Mr. Peterson:

We have received and reviewed your letter of March 18, 1969, which describes the planned activities of the PG&E construction and operations personnel during the Diablo Canyon startup program. The matter was previously discussed with Messrs. Sedam and Matthew in our March 6 meeting.

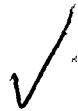

Based upon this discussion and our review of your letter, we have determined that the General Construction startup personnel can discharge their Diablo Canyon responsibilities without obtaining either reactor operator or senior reactor operator licenses.

Sincerely yours,

W.P.J. Collins, Acting
Frank L. Kelly, Chief
Operator Licensing Branch
Division of Reactor Licensing
