Docket Nos. 50-275
and 50-323

MEMORANDUM FOR: J. C. Stepp, Chief, Geology-Seismology Branch,
Division of Site Safety and Environmental Analysis
THRU: J. F. Stolz, Chief, Light Water Reactors Branch
No. 1, Division of Project Management
FROM: D. P. Allison, Project Manager, Light Water Reactors
Branch No. 1, Division of Project Management
SUBJECT: DIABLO CANYON SEISMIC DESIGN

As we discussed, the enclosed draft reports on the probability of earthquakes was received informally from PG&E on March 28, 1977. Please look them over and let me have your comments. I will then arrange a meeting or telephone your comments to PG&E as appropriate.
