Dear Dr. Morris:

This letter is to notify you of a change in our organization relating to the units under construction at our Diablo Canyon site. Mr. William J. Lindblad has been appointed Diablo Canyon Project Engineer with responsibility for all project engineering and the technical aspects of licensing. Accordingly, oral contacts concerning technical matters between members of your staff and PG&E should be made through Mr. Lindblad. He may be reached at 415-781-4211, extension 3094. Written material concerning our pending applications should continue to be addressed to me.

Very truly yours,

F. T. Searls
