Director of Environmental Projects  
Division of Reactor Licensing  
Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Muller:

We have been informed that the Chumash Indian Village and cemetery site, Tsuhanu, vicinity of San Luis Obispo, California, properties that may be eligible for inclusion in the National Register of Historic Places, may be affected by Pacific Gas and Electric Company's operation of its Diablo Canyon Nuclear Power Plant. We have also been advised that the Nuclear Regulatory Commission may be involved in this undertaking through its licensing authority governing the nuclear plant's operation.

Please investigate this matter to determine whether your agency's involvement requires the comments of the Council pursuant to Section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. 470f, as amended, 90 Stat. 1320). Steps to determine this responsibility are set forth in Section 800.4 of the Council's "Procedures for the Protection of Historic and Cultural Properties" (36 C.F.R. Part 800). We look forward to hearing from you as soon as possible. If you have further questions, please call Michael H. Bureman at (303) 234-4946.

Thank you for your cooperation.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Louis S. Wall".
